Sky Island Homeowners Association

Dear sky Island Board of Directors,

The roadway cross sections that were submitted to Pierce County were agreed to by the Developer and the County. Each division has their own cross sections and differ slightly because of on going regulations. The grass planter strips in front of houses were and still are part of the agreements between us as the Developer and Pierce County.

Sincerely,

Peter J. Naccarato  
Developer  
Northwest Heritage Group, Inc.
